EKL Youth Group is an opportunity for youth in 6th-12th grade to find a place of fellowship and growth where they can connect with God, each other and the community.

Our Parents Night Out event was a great success. We had a snowstorm working against us but that didn't stop us from having some fun! There were several rooms set up for the kids to choose from. We had Christmas crafts, games and free play. We finished the night with dinner (shout out to the Cambridge Pizza Pit for delivering the volunteers pizza in the snow!) and watching "Finding Dory"! Little known fact: our choir room doubles as an awesome theater! Lots of fun was had by the kids and volunteers alike! We had very positive and encouraging feedback from everyone who participated. We look forward to hosting this event again!

WOOHOO!!!

With recent funds raised and donations, we were able to purchase a new TV! We have been without since our other one decided to "retire". This will allow us to add DVDs as an additional way to learn in youth group, confirmation and Sunday School. The TV will be on a moveable cart and stored in the confirmation room. If your meeting or group could benefit from the use of this TV, you are more than welcome!

wish list ♦ Book or storage type shelving

thank-you!

Our Adopt A Family event was an overwhelming success! With your support we were able to adopt two local families and ensure that they were provided the Christmas season that they deserve. THANK YOU to everyone for you generous hearts!

January 15th: Sunday School

January 22nd: Sunday School

January 29th: Sunday School

thank you!

The Sunday school teachers, kids, and families would like to thank the property committee and especially Johnnie Jacobson for the new coat hooks in the Sunday school hallway. It's at just the right height for the kiddos to hang their coats on by themselves, and helps keep the classrooms and hallways neat and tidy.

**Thank you so much for your hard work
and beautiful craftsmanship Johnnie!
We just love it!**

**Children's Christmas
Program rescheduled
for Sunday, January
8th at 9:00am**
