*EKL Youth Group is an opportunity for youth in 6th-12th grade to find a place of fellowship and growth where they can connect with God, each other and the community.*

I think we are still tired from our fun on April 9th! We started the morning with one of the best Palm Sunday services in recent history! Hard to top, but we followed that up with our almost famous brunch! We just couldn't end the fun there! We headed to Madison to "My Escape Mission". The boys team successfully completed their mission and saved us all from the "Mad Scientist". Unfortunately, the girls were unable to diffuse the bomb and the bank vault was a complete loss. To complete our day of fun, we ended with ice cream!

*thank you!* Thank you to all who joined us for our Palm Sunday brunch! We hope everyone had an overwhelming amount of food, faith and fellowship. We sure did!
